*Coming to the United States*  
***THE WORLD'S LARGEST***  
***TITANIC LEGO SHIP***  
*Monster event for 2018 Season*  
*Titanic Museum Attraction in Pigeon Forge, TN*

**Pigeon Forge, Tenn.** – If you thought you'd seen it all at the **Titanic Museum Attraction** in Pigeon Forge TN, get ready to doubt your eyes and catch your breath when you visit Titanic in 2018. What you'll see is the world's largest replica of the RMS *Titanic* built entirely from 56,000 LEGO bricks! Making this unprecedented achievement even more amazing is to know that it was conceived and constructed by a ten-year-old, autistic, Icelandic boy. His giant, 26 foot. masterpiece will be anchored at the **Titanic Museum Attraction** throughout our 2018 season, announces the attraction's owner, Mary Kellogg-Joslyn.

“The world calls him **LEGO BOY** and that's just fine with **Brynjar Karl Birgisson**, after all he had spent a good part of his young life surrounded by thousands of LEGO bricks - the building blocks of his monumental tribute to the 2,208 men, women and children who sailed on *Titanic*,” says Kellogg-Joslyn. “Upon completion, it is the largest Titanic LEGO ship model ever made and we're proud that the **Titanic Museum Attraction** in Pigeon Forge, TN, will be the first and only place in the United States where it can be seen. We've brought it all the way from Iceland to showcase as one of our major 2018 exhibits,” adds Kellogg-Joslyn.

Young Brynjar's inspiring story has already generated wide, international attention, media coverage, a popular children's book, and applauded appearances on television and on **TED TALK** where he told his story in his own, unfaltering words. Now, excitement is building as the count-down to the January 22, 2018 Opening Day begins.

The Titanic Museum Attractions in Pigeon Forge, TN and Branson MO. Open daily at 9 a.m. Reservations are recommended and can be made on line at [www.titanicpigeonforge.com](http://www.titanicpigeonforge.com) or by phone at 800-381-7670.
